

Beyond Meditation Online Program Testimonials

Theresia, Belgium

"It is nearest to the true Monroe Teachings plus as a bonus I love hearing Bob's voice, it makes it all so real for somebody who cannot attend the Monroe Institute."

Victor, Czechia

"This class has been so fantastic. It has exceeded my expectations. We are not alone, and have access to worlds and entities beyond this universe, even without the need for out-of-body experiences. The course has shown me the love, acceptance, and guidance available to us, and that we need not fear the existence of a spiritual world, but that instead, it's here to build us up, to encourage us in our journey. It requires some faith to experience this, but once there, it's simply amazing."
